DNI RELEASES UPDATED BUDGET FIGURE FOR FY 2014 APPROPRIATIONS REQUESTED FOR THE NATIONAL INTELLIGENCE PROGRAM

Consistent with 50 U.S.C. 415c(a), the Director of National Intelligence disclosed to the public on April 10, 2013, the aggregate amount of appropriations requested for Fiscal Year 2014. The amount of \$48.2 billion excluded funding required to support overseas contingency operations. That disclosure is now updated to include funding requested to support overseas contingency operations.

Consistent with 50 U.S.C. 3306, the updated aggregate amount of appropriations requested for the FY 2014 National Intelligence Program is \$52.2 billion.*

Any and all subsidiary information concerning the National Intelligence Program budget, whether the information concerns particular intelligence agencies or particular intelligence programs, will not be disclosed.

Beyond this disclosure, there will be no other National Intelligence Program disclosures of currently classified budget information because such disclosures could harm national security. The only exceptions to the foregoing are for existing unclassified appropriations, such as for the Intelligence Community Management Account.
